THE COMPANY

Pioneering Reliable Vertical Transportation Solutions Since 2009

Established in 2009, Shinyou Elevator Mfg Sdn Bhd has become a trusted leader in Malaysia's elevator and escalator industry, delivering innovative, high-quality, and safe vertical transportation solutions. Our comprehensive services include sales, installation, maintenance, repairs, and modernization, ensuring that every project meets the highest standards of safety and efficiency.

With a skilled team of engineers and strong supply partnerships with FUJI-SINO Elevators Co. Ltd. and Lincoln Elevator - China Co., Ltd., we provide tailored solutions for industrial, commercial, and residential buildings, offering reliable SHINYOU-branded lifts and escalators.

Looking ahead, Shinyou remains committed to advancing industry standards, prioritizing safety, and embracing sustainable practices. By addressing the unique needs of every building, we aim to set the benchmark for quality, innovation, and reliability in Malaysia's vertical transportation sector.

OUR MISSION

To deliver high-quality, safe, and innovative vertical transportation solutions that exceed customer expectations and contribute to the advancement of Malaysia's elevator industry.

OUR VISION

To become Malaysia's leading and most trusted elevator company, recognized for our exceptional commitment to safety, excellence, and customer satisfaction.

OUR VALUES

Guiding Principles for Excellence

★ Commitment to Quality

Shinyou upholds the highest standards through meticulous craftsmanship, rigorous testing, and top-quality components, delivering reliable and efficient elevator solutions that exceed industry expectations.

⚙️ Innovation-Focused Solutions

By integrating cutting-edge technology, robust safety features, and energy-efficient systems, we provide tailored solutions for diverse needs through our partnerships with Fuji-Sino and Lincoln Elevator (China) Ltd.

👤 Customer-Centric Approach

We prioritize client needs with personalized designs, 24/7 support, and long-term maintenance, ensuring satisfaction at every stage of the project.

✅ Safety and Sustainability

We maintain strict safety standards, conduct comprehensive checks, and design energy-efficient systems to deliver reliable, eco-friendly solutions while prioritizing user safety and minimizing environmental impact.

DIRECTORS MESSAGES

Insights and Vision from Our Leaders

Our technical support and project maintenance are managed with excellence to ensure the reliability of our services. By combining technical expertise with innovative solutions, we maintain seamless operations across all projects. Our dedication to quality and safety strengthens our reputation as a trusted partner in vertical transportation.

John Kuan, **Managing Director**

Our focus is on driving growth through strategic negotiations, market expansion, and capitalizing on emerging opportunities. Shinyou Elevator remains committed to delivering exceptional value to industry leaders by aligning our solutions with the evolving needs of modern developments. Together, we build reliable partnerships that elevate industry standards in vertical transportation.

Koay Shao Yong, **Executive Director**

Shinyou Elevator Mfg Sdn Bhd offers a wide range of services to meet the diverse vertical transportation needs of various building types. Our comprehensive approach ensures seamless integration of innovation, quality, and reliability into every project.

PREVENTIVE MAINTENANCE

SHINYOU guarantees safe, efficient operations through routine maintenance, reducing downtime and extending system lifespan. Our services include inspections, lubrication, and performance checks for high-rises and commercial complexes, heavy-duty servicing for factories, and hygiene-critical maintenance for hospitals. Residential and commercial buildings receive regular servicing to ensure reliability and passenger comfort.

CONSULTATION SERVICES

We optimize vertical transportation for efficiency, functionality, and cost-effectiveness. Our solutions include high-speed systems for high-rises, custom-built lifts for factories, patient-friendly systems for hospitals, and user-centric designs for residential and commercial complexes. We prioritize capacity, accessibility, and energy efficiency to enhance performance and sustainability.

INSTALLATION

SHINYOU provides tailored elevator installations to suit diverse building needs. High-rises benefit from high-speed systems for efficiency, while factories require heavy-duty goods lifts. Hospitals receive patient-friendly features such as stretcher access and emergency readiness. Residential buildings enjoy smooth, quiet systems, and multi-use complexes feature integrated mobility solutions for seamless transport.

MODERNIZATION

Our modernization services enhance performance, safety, and efficiency. High-rises receive faster, more reliable systems, while factories gain improved durability and load-handling capabilities. Hospitals are upgraded to meet advanced safety standards, residential elevators benefit from aesthetic and energy-efficient enhancements, and multi-use complexes enjoy optimized reliability with reduced downtime—ensuring compliance and sustainability.

SPARE PARTS AND REPAIRS

SHINYOU provides a full range of spare parts and expert repairs to ensure elevator efficiency. We offer OEM parts for brands such as:

- Toshiba
- Schindler
- Mitsubishi
- Otis
- Hitachi
- LG / Sigma
- Kone
- Fuji

Specializing in PCB repairs, we utilize automated testing to reduce downtime and costs. Customers can opt for direct repairs upon approval or choose our Exchange Board Program for immediate replacement.

SUPPLY LINE

LINCOLN ELEVATOR (CHINA) CO., LTD

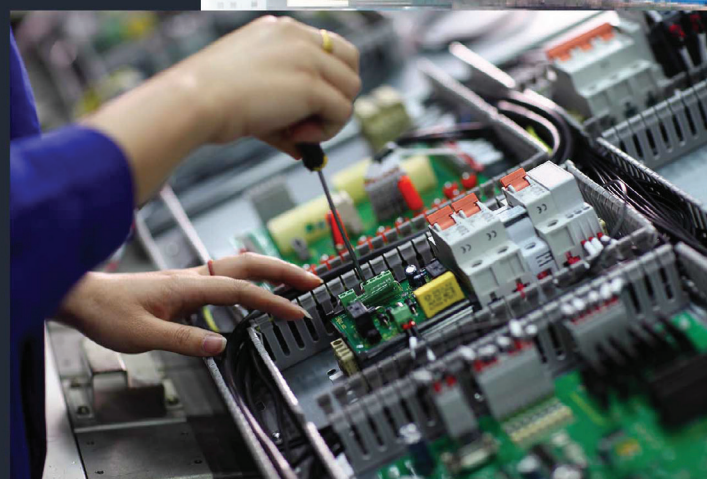

Shinyou's supply partnership with Lincoln Elevator (China) Co., Ltd ensures seamless access to advanced elevator systems renowned for their precision engineering and exceptional durability. By combining our strengths, we deliver state-of-the-art vertical transportation solutions, meticulously tailored to meet the unique needs of various building types, from industrial facilities to high-rise residential complexes.

A VALUED SUPPLY LINE - SHINYOU

Lincoln Elevator embodies the American ideals of simplicity, precision, and high efficiency. With a thoughtfully designed factory layout, it integrates key functional areas including a headquarters service center, escalator manufacturing hub, research and design center, and logistics center. Adhering to international scientific standards, Lincoln Elevator ensures efficient, intelligent, and energy-saving operations that support SHINYOU's commitment to excellence in vertical transportation solutions.

Advanced Testing Hub in Haining, Zhejiang

The Quality Supervision and Examination Center for National Elevator Products (Zhejiang) was officially established in Haining, Zhejiang, on December 10th. This state-of-the-art facility features the world's tallest high-speed elevator experimental tower with advanced testing capabilities. Additionally, it houses an internationally advanced electromagnetic compatibility testing lab—setting a new benchmark for elevator product examination and innovation.

Lincoln Test Tower: Innovation at 129.8m

Rising 129.8 meters high, the Lincoln Test Tower showcases our commitment to innovation and safety. With testing speeds of up to 10 m/s, it enables us to develop cutting-edge elevators that deliver superior performance, comfort, and reliability.

FUJI SINO – Innovation in Intelligent Vertical & Horizontal Transportation

FUJI SINO is a leading provider of advanced vertical and horizontal transportation solutions, integrating cutting-edge intelligent technologies with customized services. Known for its precision engineering and commitment to safety, FUJI SINO offers innovative elevator and escalator systems designed to enhance efficiency, security, and user experience.

Extensive Industry Expertise

With years of experience, FUJI SINO delivers proven, high-performance transportation solutions tailored to various industries.

Cutting-Edge Technology

Incorporating smart security systems, IC card access, and intelligent control for seamless and secure operations.

Versatile Product Offerings

A comprehensive range of elevators, escalators, and transportation systems designed for diverse applications.

Uncompromising Safety & Reliability

Advanced infrared sensors, precision engineering, and strict quality control ensure optimal safety and long-term performance.

Dayang Mechanical Car Park Solutions

Dayang Parking Co., Ltd., established in 2001, is a leading provider of innovative mechanical parking systems.

Specializing in the development, design, manufacturing, installation, and maintenance of advanced parking equipment, Dayang has consistently set industry benchmarks. Since 2013, the company has ranked No.1 in sales across China and today stands as the nation's largest supplier of intelligent parking solutions.

WHY US

ADDING VALUE TO EVERY SOLUTION

PROVEN EXPERTISE

With over a decade of expertise, our skilled engineers and leadership team bring extensive insights from top elevator firms, ensuring accuracy, excellence, and superior performance in all our projects.

INNOVATIVE TECHNOLOGY

We integrate advanced technology into our elevator systems, including intelligent controls and energy-saving enhancements, improving efficiency and reducing operational expenses for long-term cost-effectiveness.

COMMITMENT TO SAFETY

We uphold strict safety protocols and regulatory compliance in installation and maintenance, prioritizing user security, well-being, and adherence to industry standards for optimal safety measures.

TAILORED SOLUTIONS

We provide customized elevator solutions for high-rise buildings, factories, hospitals, and residential complexes, optimizing performance to align with your unique requirements and delivering seamless vertical mobility.

COMPREHENSIVE SERVICES

Our full-spectrum services include installation, modernization, maintenance, and spare parts supply, ensuring smooth, uninterrupted vertical transportation with high reliability and efficiency.

STRONG SUPPLY LINES

Through our collaboration with Fuji-Sino Elevators Co. Ltd. and Lincoln Elevator (China) Ltd., we deliver premium products and services aligned with international benchmarks, strengthening our capabilities and service quality.
